

Melisa Spagnoli joined HISPA in October 2019 as the Role Model Program Manager, managing the coordination of 27 schools (located in NJ, NY, PA and TX) and around 600 Role Model visits per year.

Born and raised in Argentina, Melisa got married and relocated to the United States 17 years ago, following her husband's dream of doing an MBA. Taking advantage of the situation she decided to explore different fields and start an international career. Melisa has held various roles in Office Administration, Education and non profit organizations. Melisa lived in cities such as London, Seoul, Tokyo, Miami and New York and being exposed to different cultures made her step out of her comfort zone, learn new languages, make new friends, improve her communication skills and most importantly realize that despite our differences we are all the same.

Once settled back in the USA she followed her heart and desire to help others by joining a non profit, HISPA.

Melisa has studies in Hospitality Management and Foreign Languages and during her spare time she enjoys travelling, spending time with her family and going to the gym.
